## Software Developer

Software Developer with experience in technologies such as **JavaScript, React.js, C#, .NET, CSS, HTML, SQL, and more.** I have a strong background in full-stack web development and have successfully contributed to various projects by leveraging these technologies. In addition to my technical skills, I have had the opportunity to work as an Instructor at Sabio School, where I honed my ability to explain complex concepts clearly and foster a collaborative learning environment. I am adept at problem-solving and possess strong analytical skills, which enable me to identify and resolve issues efficiently. I thrive in team settings and excel at communication and interpersonal skills, which facilitate effective collaboration with colleagues and stakeholders. My adaptability and eagerness to learn new technologies further strengthen my ability to contribute positively to any team.

## Work Experience

### Full Stack Developer at Sabio School of Software Engineering

May 2023 to May 2024

- Identified, diagnosed, and resolved bugs in React components to improve application performance and user experience.
- Developed new endpoints using .NET to support various application features and functionalities.
- Designed and implemented a new form to receive and process data from Excel documents, ensuring seamless data integration and validation.
- Collaborated with SQL stored procedures, .NET services, and controllers to manage and manipulate data efficiently, enhancing overall system functionality.
- Managed and prioritized pending tasks using Trello, ensuring timely completion and effective project workflow.
- Worked closely with front-end and back-end teams to ensure smooth integration and deployment of new features.
- Reviewed and optimized existing code to improve system efficiency and maintainability.

Main Technologies: Javascript, React.js, C#, .Net, CSS, HTML, SQL.

## Skills

Tech Skills: Javascript, React.js, C#, .Net, CSS, HTML, SQL.

Languages: Spanish: Native, English: Bilingual.

## Certifications

### Sabio School of Software Engineering

May 2023

Full Stack Software Developer Training Program
